

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office
FLOOR DEBATE

January 16, 2002 LB 824

SENATOR FOLEY: Yes.

SENATOR CHAMBERS: And you said that the court had made some comment about doing whatever it wanted to as long as it didn't interfere with legalized abortion where unborn human life is involved. Did you use that term?

SENATOR FOLEY: I think that's fair.

SPEAKER KRISTENSEN: One minute.

SENATOR CHAMBERS: Did you get that out of a court decision or is that the way you're interpreting or construing what the court said?

SENATOR FOLEY: It's a paraphrase of statements that I found in a number of the U.S. Supreme Court decisions.

SENATOR CHAMBERS: But it didn't use the term "unborn child" or "unborn human life," did it?

SENATOR FOLEY: The United States Supreme Court uses the term "unborn child" repeatedly.

SENATOR CHAMBERS: And you will...you don't have to do it now, but you'll show me a case where that is mentioned by the court as being found in a law that is before it.

SENATOR FOLEY: The United States Supreme Court uses the term, the United States Congress uses that term. The Nebraska Legislature has used that term in bills that you've voted for.

SENATOR CHAMBERS: Here's what I am asking you, in any of these decisions that you read, the opinions of which give the rationale of the court, did the court address any state law where the term "unborn child" was a part of that statute, that you recollect?

SENATOR FOLEY: I am sorry, Senator, I was distracted for a moment. Can you repeat that last question?
